

Welcome to *Hearing Review Products'* continuing series of **Technology Guide** product surveys. With this, our ninth matrix, we're continuing to take a break from hearing aids and in this issue we present an array of assistive listening devices. So instead of products that can restore hearing, we're presenting products that can often work in conjunction with instruments, available from 13 companies across the industry.

As usual, beyond the ALDs presented on these following pages, there are plenty more to be found on our Web site, [www.hearingreview.com](http://www.hearingreview.com), where you can download PDFs of this complete survey as well as the previous eight.

— Will Campbell

## ALDS Assistive Listening Devices

Company Name:	<b>AssistiveAudio Inc</b>	<b>Bellman &amp; Symfon</b>
Address:	2627 Algonquin Pkwy Toledo, OH 43606 (419) 473-8906 ■ (800) 224-9295 <a href="http://www.assistiveaudio.com">www.assistiveaudio.com</a> ■ <a href="http://www.ampetronic.com">www.ampetronic.com</a>	1108, Main Tower, GD Int'l Hotel 339 Huanshi Dong Rd, Guangzhou, China 510098 +86 20 83182950 <a href="http://www.bellman.com">www.bellman.com</a>
1) What is the name of your Assistive Listening Device (ALD)?	Ampetronic ILD1000G 	Audio Domino 
2) What year was this ALD introduced?	2009	2009
3) Please select a primary category this ALD belongs in.	<input type="checkbox"/> Alarms/Alerting Devices <input checked="" type="checkbox"/> FM/Loop Systems <input type="checkbox"/> Telephones <input type="checkbox"/> TV/Home Listening	<input type="checkbox"/> Alarms/Alerting Devices <input checked="" type="checkbox"/> FM/Loop Systems <input type="checkbox"/> Telephones <input checked="" type="checkbox"/> TV/Home Listening
4) For ALDs in the Alarms/Alerting category, please select the features available.	<input type="checkbox"/> Vibration <input type="checkbox"/> Sonic <input type="checkbox"/> Flashing <input type="checkbox"/> Other	<input type="checkbox"/> Vibration <input type="checkbox"/> Sonic <input type="checkbox"/> Flashing <input type="checkbox"/> Other
5) For ALDs in the Telephones & Accessories category, please indicate the features available.	<input type="checkbox"/> Amplification up to (please specify dB) <input type="checkbox"/> Large backlit screen and keypad <input type="checkbox"/> Phone number storage <input type="checkbox"/> Speakerphone <input type="checkbox"/> Outgoing speech amplification <input type="checkbox"/> Hands-free operation <input type="checkbox"/> Multi-function ring signaler <input type="checkbox"/> Strobe ring signaler <input checked="" type="checkbox"/> Hearing Aid compatible <input type="checkbox"/> Speed dial buttons <input type="checkbox"/> Cap-Tel Compatible <input type="checkbox"/> Other	<input type="checkbox"/> Amplification up to (please specify dB) <input type="checkbox"/> Large backlit screen and keypad <input type="checkbox"/> Phone number storage <input type="checkbox"/> Speakerphone <input type="checkbox"/> Outgoing speech amplification <input type="checkbox"/> Hands-free operation <input type="checkbox"/> Multi-function ring signaler <input type="checkbox"/> Strobe ring signaler <input type="checkbox"/> Hearing Aid compatible <input type="checkbox"/> Speed dial buttons <input type="checkbox"/> Cap-Tel Compatible <input type="checkbox"/> Other
6) Please indicate your ALD's system(s).	<input checked="" type="checkbox"/> Induction Loop <input type="checkbox"/> FM <input type="checkbox"/> Infrared <input type="checkbox"/> One-To-One Communication <input checked="" type="checkbox"/> Other-Large Area Applications	<input checked="" type="checkbox"/> Induction Loop <input type="checkbox"/> FM <input type="checkbox"/> Infrared <input type="checkbox"/> One-To-One Communication <input type="checkbox"/> Other
7) Is your ALD T-coil compatible?	Yes	Yes
8) FM/Loop and TV/Home Listening Systems: The effective range of your ALD?	Nominal area of coverage > 4500 sq ft	82 ft
9) FM/Loop and TV/Home Listening Systems: Maximum amplification?	Designed, configured to meet IEC60118-4 standard	71 dB
10) For FM Systems with secure transmissions, done by encryption, coding, or both?	Not Applicable	Security coding
11) For FM System ALDs, how many channels are available?	Not Applicable	3
12) For FM or Infrared System ALDs, how many frequency bands are accessible?	Not Applicable	2.4 GHz
13) What is the power source for your ALD?	US: 120v 60 Hz; UK: 230v 50 Hz	Rechargeable built-in battery
14) If battery powered, estimate of operating time between changes/recharges?	Not Applicable	8 Hours
15) Does your ALD have Direct Audio Input (DAI) capability?	Not Applicable	Yes
16) Indicate which of the following environments your ALD is effective in.	<input checked="" type="checkbox"/> One-on-one conversations <input checked="" type="checkbox"/> Multi-person meetings <input checked="" type="checkbox"/> Lectures <input type="checkbox"/> Shopping <input type="checkbox"/> In The Car <input checked="" type="checkbox"/> At the Theater <input type="checkbox"/> Restaurants <input checked="" type="checkbox"/> Watching Television <input checked="" type="checkbox"/> Other	<input checked="" type="checkbox"/> One-on-one conversations <input checked="" type="checkbox"/> Multi-person meetings <input checked="" type="checkbox"/> Lectures <input checked="" type="checkbox"/> Shopping <input checked="" type="checkbox"/> In The Car <input checked="" type="checkbox"/> At the Theater <input checked="" type="checkbox"/> Restaurants <input checked="" type="checkbox"/> Watching Television <input checked="" type="checkbox"/> Other
17) Please list the accessories that are included with your ALD.	Signs, power cord, loop cable, microphone	Stereo earphones, travel case, universal charger, charging cable (USB), microphone with clip
18) Does your ALD come with a warranty? If so, how long?	5 Years	2 Years
19) What differentiates this ALD from others in its class?	Commercial grade, UL approved, automatic gain control, metal loss correction, quality, and reliability.	High-definition audio; wireless secure encryption

7) Is your ALD T-coil compatible?	Yes	Yes	Yes
8) FM/Loop and TV/Home Listening Systems: The effective range of your ALD?	Not Applicable	75-100 feet	Up to 300 feet
9) FM/Loop and TV/Home Listening Systems: Maximum amplification?	30 dB	50 dB	40 dB of gain with a maximum output of 125 dB SPL
10) For FM Systems with secure transmissions, done by encryption, coding, or both?	Not Applicable	Both	Not Applicable
11) For FM System ALDs, how many channels are available?	Not Applicable	38	10
12) For FM or Infrared System ALDs, how many frequency bands are accessible?	Not Applicable	38 within the frequency band 904-926 MHz	216-217 MHz
13) What is the power source for your ALD?	2 AAA batteries	Rechargeable Li-Ion battery	9V Ni-MH or alkaline battery
14) If battery powered, estimate of operating time between changes/recharges?	200 Hours	16 Hours	Alkaline: 25 hours; Ni-MH: 8-10 hours
15) Does your ALD have Direct Audio Input (DAI) capability?	No	Yes	Yes
16) Indicate which of the following environments your ALD is effective in.	<input checked="" type="checkbox"/> One-on-one conversations <input checked="" type="checkbox"/> Multi-person meetings <input checked="" type="checkbox"/> Lectures <input checked="" type="checkbox"/> Shopping <input checked="" type="checkbox"/> In The Car <input checked="" type="checkbox"/> At the Theater <input checked="" type="checkbox"/> Restaurants <input checked="" type="checkbox"/> Watching Television <input type="checkbox"/> Other	<input checked="" type="checkbox"/> One-on-one conversations <input checked="" type="checkbox"/> Multi-person meetings <input checked="" type="checkbox"/> Lectures <input checked="" type="checkbox"/> Shopping <input checked="" type="checkbox"/> In The Car <input checked="" type="checkbox"/> At the Theater <input checked="" type="checkbox"/> Restaurants <input checked="" type="checkbox"/> Watching Television <input type="checkbox"/> Other	<input checked="" type="checkbox"/> One-on-one conversations <input checked="" type="checkbox"/> Multi-person meetings <input checked="" type="checkbox"/> Lectures <input checked="" type="checkbox"/> Shopping <input checked="" type="checkbox"/> In The Car <input checked="" type="checkbox"/> At the Theater <input checked="" type="checkbox"/> Restaurants <input checked="" type="checkbox"/> Watching Television <input type="checkbox"/> Other
17) Please list the accessories that are included with your ALD.	4 connection cables	Headphones, earphones, neckloop, power supply/charger, audio cable	Belt clips, neckloop, microphone & clip, battery charger, rechargeable batteries, audio input cord, earphone assembly, antenna conference table microphone adapter, carrying case.
18) Does your ALD come with a warranty? If so, how long?	1 Year	2 Years	1 Year
19) What differentiates this ALD from others in its class?	Maximum versatility. Cables enable connection to cell/cordless phones, MP3 players, more. Reduces or eliminates interference between cellular phones, hearing devices.	Digital secure transmission between the transmitter, receiver offers crystal clear sound. Mics in both transmitter, receiver provide uses in many environments.	Offers superior audio fidelity and range plus the unique Smart-Mic and Enviro-Mic environmental microphone options.

7) Is your ALD T-coil compatible?	Yes	Yes (requires a t-coil to operate)	Yes
8) FM/Loop and TV/Home Listening Systems: The effective range of your ALD?	150 feet	Tethered via cord	Not Applicable
9) FM/Loop and TV/Home Listening Systems: Maximum amplification?	60 dB	30 dB	Not Applicable
10) For FM Systems with secure transmissions, done by encryption, coding, or both?	Yes. Spread spectrum/frequency-hopping.	Not Applicable	Not Applicable
11) For FM System ALDs, how many channels are available?	Not Applicable	Not Applicable	Not Applicable
12) For FM or Infrared System ALDs, how many frequency bands are accessible?	79	Not Applicable	Not Applicable
13) What is the power source for your ALD?	Rechargeable	AC power supply included (2 AAAs for loop)	Telephone service, high-speed Internet connection
14) If battery powered, estimate of operating time between changes/recharges?	10-13 hours of operation	Approximately 200 hours	Not Applicable
15) Does your ALD have Direct Audio Input (DAI) capability?	Yes	No	No
16) Indicate which of the following environments your ALD is effective in.	<input checked="" type="checkbox"/> One-on-one conversations <input checked="" type="checkbox"/> Multi-person meetings <input type="checkbox"/> Lectures <input checked="" type="checkbox"/> Shopping <input checked="" type="checkbox"/> In The Car <input checked="" type="checkbox"/> At the Theater <input checked="" type="checkbox"/> Restaurants <input checked="" type="checkbox"/> Watching Television <input type="checkbox"/> Other	<input type="checkbox"/> One-on-one conversations <input type="checkbox"/> Multi-person meetings <input type="checkbox"/> Lectures <input type="checkbox"/> Shopping <input type="checkbox"/> In The Car <input type="checkbox"/> At the Theater <input type="checkbox"/> Restaurants <input type="checkbox"/> Watching Television <input checked="" type="checkbox"/> Other	<input checked="" type="checkbox"/> One-on-one conversations <input type="checkbox"/> Multi-person meetings <input type="checkbox"/> Lectures <input type="checkbox"/> Shopping <input type="checkbox"/> In The Car <input type="checkbox"/> At the Theater <input type="checkbox"/> Restaurants <input type="checkbox"/> Watching Television <input type="checkbox"/> Other
17) Please list the accessories that are included with your ALD.	Noise-isolating, high fidelity in-ear earphones; assorted eartips, AC adapter and charging cable	ClearSounds CLA7V2 Neckloop, Plantronics M22 Headset Base and proprietary interface cable (M22QCC).	Phone, handset, telephone cable, Internet connection cable, AC power supply
18) Does your ALD come with a warranty? If so, how long?	2 Years	1 Year	1 Year
19) What differentiates this ALD from others in its class?	Wireless system enables up to three talkers to speak to one listener. Directional microphones; hearing aid, cochlear implant compatible. Secure, Bluetooth technology.	First system to connect an amplified neckloop directly to the popular Plantronics M22 Headset Base. Combination works on all corded digital and VoIP phone systems.	Utilizes patient's residual hearing to listen to the caller while reading captions at the same time. CapTel services are free, do not require third-party relay services.

6) Please indicate your ALD's system(s).	<input type="checkbox"/> Induction Loop <input checked="" type="checkbox"/> FM <input type="checkbox"/> Infrared <input type="checkbox"/> One-To-One Communication <input type="checkbox"/> Other	<input type="checkbox"/> Induction Loop <input checked="" type="checkbox"/> FM <input type="checkbox"/> Infrared <input type="checkbox"/> One-To-One Communication <input type="checkbox"/> Other	<input type="checkbox"/> Induction Loop <input type="checkbox"/> FM <input type="checkbox"/> Infrared <input type="checkbox"/> One-To-One Communication <input type="checkbox"/> Other
7) Is your ALD T-coil compatible?	Yes	Yes, with appropriate receiver	Yes
8) FM/Loop and TV/Home Listening Systems: The effective range of your ALD?	100 feet	Approximately 50 feet indoors; 130-170 feet outdoors	Not Applicable
9) FM/Loop and TV/Home Listening Systems: Maximum amplification?	Depends upon hearing aid	Depends upon hearing aid	Not Applicable
10) For FM Systems with secure transmissions, done by encryption, coding, or both?	Not Applicable	Not Applicable	Not Applicable
11) For FM System ALDs, how many channels are available?	32	27	Not Applicable
12) For FM or Infrared System ALDs, how many frequency bands are accessible?	216 MHz	Not Applicable	Not Applicable
13) What is the power source for your ALD?	Battery	Rechargeable battery	AC adapter (battery back-up option in base) and battery in handset
14) If battery powered, estimate of operating time between changes/recharges?	8 Hours	Approximately 12 hours	10 Hours handset talk time; 100 Hours standby
15) Does your ALD have Direct Audio Input (DAI) capability?	Yes (R5)	Yes	Not Applicable
16) Indicate which of the following environments your ALD is effective in.	<input checked="" type="checkbox"/> One-on-one conversations <input checked="" type="checkbox"/> Multi-person meetings <input checked="" type="checkbox"/> Lectures <input checked="" type="checkbox"/> Shopping <input checked="" type="checkbox"/> In The Car <input checked="" type="checkbox"/> At the Theater <input checked="" type="checkbox"/> Restaurants <input checked="" type="checkbox"/> Watching Television <input checked="" type="checkbox"/> Other-classroom	<input checked="" type="checkbox"/> One-on-one conversations <input checked="" type="checkbox"/> Multi-person meetings <input checked="" type="checkbox"/> Lectures <input checked="" type="checkbox"/> Shopping <input checked="" type="checkbox"/> In The Car <input checked="" type="checkbox"/> At the Theater <input checked="" type="checkbox"/> Restaurants <input checked="" type="checkbox"/> Watching Television <input checked="" type="checkbox"/> Other-Bluetooth compatible	<input type="checkbox"/> One-on-one conversations <input type="checkbox"/> Multi-person meetings <input type="checkbox"/> Lectures <input type="checkbox"/> Shopping <input type="checkbox"/> In The Car <input type="checkbox"/> At the Theater <input type="checkbox"/> Restaurants <input type="checkbox"/> Watching Television <input type="checkbox"/> Other
17) Please list the accessories that are included with your ALD.	Rechargeable battery, power cord, aux-in cables, RCA cable, mic, earbuds	Lavalier cord, audio input cable, interface, power supply, programming cable, travel case	Not Applicable
18) Does your ALD come with a warranty? If so, how long?	2 Years repair, 1 year loss and damage	2 Years	1 Year
19) What differentiates this ALD from others in its class?	LED display on receiver; product upgrades through software not hardware; moisture repellent buttons. Transmitter performs as a programming and diagnostic tool.	Dynamic FM technology adapts the FM gain based on environmental noise levels. Improved speech recognition abilities in challenging environments.	Offers 55 dB receiver amplification; talking function (CID, keypad, control buttons) offers extra convenience for the vision impaired.
